

## Wing

The Wing is our most durable roll-up banner option. It has a double-sided base which makes it larger and more stable than other options. It comes with a lifetime guarantee and if you need to change the graphics, we can reprint and reload them into your base. It comes in single- and double-sided options.

Single Wing 850mm base:	R1800
Full colour Ferrari PVC print:	R500

## Wing Lite

The Wing Lite differs from the Wing as its base is a one-sided foot. This more petite option still offers a durable solution for your display needs, and also comes with a lifetime guarantee. The Wing Lite only comes in a single-sided option.

## Just Lite

The Just Lite roll-up banner is a simple, stable banner option for flat surfaces, providing a great solution for short term usage. The base can be reloaded with new graphics. However, it is not recommended to do this multiple times as the mechanism lacks the durability of the Wing and Wing Lite.
